EDUCATION

University of Pennsylvania, U.S.A

Aug'22 – May'24

Master of Science and Engineering in Robotics

Indian Institute of Technology (IIT) Jammu, India

Aug'17 – Jun'21

Bachelor of Technology in Mechanical Engineering

TECHNICAL SKILLS AND COURSEWORK

Languages: C++, Python

Frameworks: PyTorch, ROS, Gazebo, PyDrake

Developer Tools: Linux, CMake, Git, VS Code

Libraries: NumPy, Matplotlib, OpenCV, Sklearn, Eigen

Graduate Coursework: Machine Perception, Deep Learning, Machine Learning, Control and Optimization

Online: [C++ Nanodegree from Udacity](#), [Robotics Software Engineer Nanodegree from Udacity](#), [Controls for Mobile Robotics](#), Pursuing [Photogrammetry I II](#) and [Mobile Sensing and Robotics](#)- Cyrill Stachniss

EXPERIENCE

Research Assistant - PAL Group | *Reinforcement Learning, Computer Vision, ROS, Python*

Oct'22 – Present

Dr. Dinesh Jayaraman, University of Pennsylvania

- **Robot learning** based on minimal **3D** visual data for unseen robot tasks for homes
- Set up communication with Kinova Gen3 7dof robotic arm for data collection and testing

Mobile Robotics Software Engineer | *C++, ROS, Automated Guided Vehicle*

Aug'21 – Jun'22

Addverb Technologies, Noida, India

- Worked with automated mobile robot using **LIDAR**, **IMU**, and QR codes for navigation
- Developed and implemented **motion controller** packages and **lower level driver** for **navigation** stack
- Improved odometry with calibration, controllers, and **IMU** infused data using **Kalman** filter

Research Intern | *Deep Learning, Computer Vision, Python*

May'20 – July'20

Dr. Harkeerat Kaur, IIT Jammu

- Conceptualized from start to end- AI-driven biometric privacy using modified **cycle GANs**
- Implemented **encoders-decoders**, compared different matching algorithms, implemented **image augmentation** techniques, heatmap, used **latent vectors**, and prepared datasets
- In collaboration with the National Institute of Informatics, Japan and the Government of India

Research Intern | *Deep End-to-End learning, Computer vision, Python*

May'19 – July'19

Dr. Virendra Singh, IIT Bombay [Certificate/Report](#)

- Developed deep learning model for self driving car based on **behavioral cloning** and for object detection using CNN
- Compared usage of end to end learning for **object detection** vs **path following**. Performed data augmentation

ROBOTICS PROJECTS

Gesture Recognition controlled Robotic Arm | *Deep Learning, Computer Vision, Python, ROS, Gazebo* Jun'20 – Dec'20

- Implemented **CNN**, **non-max suppression**, **cross-entropy loss**, and detected hand landmarks [Video/Report](#)
- Detected key-points using Intel-RealSense Camera, were used to define various gestures
- **Simulated** robotic arm using ROS and Gazebo to perform pick up tasks. Enhanced arm movements using gesture inputs

Mobile Robot: Simulation and SLAM | *ROS Navigation stack, C++, AMCL, EKF, Gazebo*

May'21 - Jun'21

- Simulated ball chasing robot, detection via colors. Designed URDF model and arena [Video](#)
- Implemented localization using **AMCL**, **gmapping** for 2D and **RTABMap** for **3D mapping**
- Deployed SLAM and Navigation using **Dijkstra algorithm** and simulated pick and place operation

Robotic Arm 6 dof | *Python, Kinematics, PID controller*

Mar'21 – Jun'21

- Developed and programmed 6 dof Robotic arm for 2 kgs payload [Video/Report](#)
- Implemented forward and inverse kinematics executed by micro controllers for position control of DC motors
- Programmed **motion planning**. Modifiable to perform pick/place using different end effectors

Multi View Geometry

Dec'19

- Compute camera pose and **3D point cloud** from images using **Structure from Motion**, **Bundle adjustment**
- Camera localization using **PnP**, **point triangulation**, **non linear refinement**

Others

- Environment perception for self driving car- Python, **RANSAC**, Segmentation
- Implement **ES-EKF** to localize self driving car in simulation

HONORS

Prof. Sudhir K. Leadership Award | *Leadership award*

Apr'21

- 1 of 2 students from IIT Jmu selected for initiatives and contributions made in leadership towards student activity [Link](#)
